

2023 Rose of Syrah

Notre Vue Vineyards

Russian River Valley

Sonoma County

I made this Rose in the traditional Tavel style, designed to taste like Syrah but happens to be pink. I learned how to do this from a winemaker friend of mine from another famous winegrowing region here in Northern California, whose Rose I admired so much, that I decided to make a similar one myself!! This Rose gets all of its colors, flavors and aromas with zero skin contact time as we whole cluster heavy press the fruit as soon as it comes in from the vineyard. This wine tastes great right now but will also age for a couple of years. Remember to take the time to enjoy family and wine!!

Other Facts:

100% Syrah

Alcohol: 13.4%

pH: 3.97

T/A: 6.95 g/L

Cases produced: 191

\$28/750mL

Fermentation technique	Open tank, stainless steel
Press details	Direct press, whole cluster, champagne style to 1.0 bar
Bottle date	1/31/24
Release Date	4/25
pH	3.97
T/A	6.95 g/L
R/S	<0.1%
Alcohol	13.4%
Production	191

Tasting Notes:

Clear, slightly pale garnet color reminiscent of red wine. Deep, earthy aromatics with notes of strawberry and black cherry. Low acids and very low tannins round out a plum taste on the palate. Finally, there is a long, balanced finish
