

MENGLER
FAMILY WINES

2018 Rose of Syrah
Alegria Vineyards
Russian River Valley
Sonoma County

This Rose is made in the traditional Rhone style, designed to taste like Syrah but happens to be pink. I learned how to do this from a winemaker friend of mine from another famous winegrowing region here in Northern California, whose Rose I admired so much, that I decided to make a similar one myself!! This Rose gets all its colors, flavors and aromas with zero skin contact time as we gently whole cluster press the fruit as soon as it comes in from the vineyard. This wine tastes great right now but will also age for a couple of years. Remember to take the time to enjoy family and wine!!
